**YOUR SUCCESSFUL  
MILITARY TRANSITION  
JOURNEY STARTS  
HERE.**

## OUR MISSION:

The Mission of Operation New Uniform (ONU) is to empower active duty servicemembers, veterans, and military spouses to successfully transition from military life to purposeful, stable careers.

## OUR VISION:

At Operation New Uniform (ONU), our vision is to empower confident graduates who are coveted and embraced by the community.

### How is ONU different?

To empower graduates, we leverage the highly successful Sandler Training program and enhance its award-winning results by providing transition-specific supportive services. These services include personalized coaching and mentoring, life skills workshops, networking, resume building, interviewing, etc.

### What are you waiting for?

At ONU, we realize you may have experienced other transition programs, but our program is different. Nearly 100% of our graduates find employment within four months. Graduates of our program become part of the ONU family forever.

ONU is powered by:

## YOUR JOURNEY YOUR WAY:

### IN-PERSON

At Operation New Uniform we offer in-person training for transitioning servicemembers, veterans, and military spouses at our Jacksonville, Florida office and in Tampa. We recommend the in-person experience, but also offer two other learning environments (see below). All class sizes are kept to a maximum of fifteen (15) participants to ensure a personalized experience.

### VIRTUAL

We offer a virtual option for students who cannot attend the in-person classes. They follow the same coursework, class schedule, and graduation as the in-person participants.

### ONLINE (SELF-PACED)

We developed this option for servicemembers and veterans who require a self-paced e-learning option due to their schedules. This option has a start and end date, with key milestones throughout.
